A screenshot of the PayPal Guest Checkout page. At the top left is the PayPal logo, and at the top right is a shopping cart icon with the text "\$710.00 USD". Below the logo is the heading "PayPal Guest Checkout" and a sub-heading "We don't share your financial details with the merchant." To the right of the form is a graphic of shopping bags with a shield in front of them, and the text "PayPal is the safer, easier way to pay" followed by "No matter where you shop, we keep your financial information secure." The form itself contains several input fields: a "Country" dropdown menu set to "United States"; a row of payment method logos (VISA, American Express, Mastercard, DISCOVER); a "Card number" field; "Expires" and "CSC" fields; "First name" and "Last name" fields; a "Billing address" section with fields for "Street address", "Apt., ste., bldg.", "City", "State" (dropdown), and "ZIP code"; a checked checkbox for "Ship to my billing address"; a "Contact Information" section with "Phone type" (dropdown set to "Mobile") and "Phone number" (+1) fields, and an "Email" field with a help icon. At the bottom of the form is a large blue "Pay Now" button.

Question or inquiry regarding payment

- Any question or inquiry about the registration payment or any trouble with the payment should be directed to the CCMR fee office (cc3dmr.payment@gmail.com).

Unknown Troubles

* The payment link generally works well. However, **few people experience that the PayPal would not accept their credit cards** once the wrong information is supplied. Normally, it will work after some hours or in the next day, which appears to be a security purpose. Alternatively, **try to use another web browser, i.e. Chrome or Firefox, or update the web browser if using an old version.** If the issue is persistent, please contact the CCMR fee office (cc3dmr.payment@gmail.com) with the issue description.

No longer allow Guest Payments, i.e. Germany and Russia.

- We have found that the PayPal have issued a new legal agreement that for some countries, i.e. Germany and Russia, they do no longer allow guest payments. This means a PayPal account has to be created: this depends on the agreement between PayPal and specific country.

If you face such a situation, please proceed and create a PayPal account and then complete the payment. There is no fee to open a PayPal account, but it just takes little more time.

If you do not wish to create a PayPal account, you can remit the registration fee by a wireless transfer. Please request an invoice to the CCMR fee office (cc3dmr.payment@gmail.com).

South Korean Residents or credit cards registered in South Korea

- For the South Korean Residents or who holds the credit cards registered in South Korea, **the PayPal would not take the payment.**

When ready to make a registration payment, please contact the CCMR fee office (cc3dmr.payment@gmail.com). A further guideline will be provided.
